Smart Account Access

← → ↻ 🏠 software.cisco.com

Once registered and logged in, navigate to "software.cisco.com". Scroll down to the "smart licensing" section.

Smart Licensing

Cisco Smart Licensing is a flexible licensing model that streamlines how you activate and manage software.

For customers

Select "Existing account"

Existing account

Start by getting access to your company's existing Smart Account.

[Submit request >](#)

New account

Don't have an account? Create one now.

[Create account >](#)

Account administration

Update information and manage your users.

[Manage account >](#)

Smart Software Manager

Convert classic to Smart Licenses.

[Manage licenses >](#)

Network Plug and Play

Automate device discovery and activation on-prem or from the cloud.

[Manage devices >](#)

Delegate an account

Request an account for your company and delegate another administrator.

[Request account >](#)

Access

Once selected, you will be taken to the "Request Access to an Existing Smart Account" page.

Request Access to an Existing Smart Account

Use this page to request access to a Smart Account or Holding Account that has already been established by your company or associates. You will need to know the specific Domain Identifier that represents the Smart Account to request access.

Your Profile

Your Cisco.com profile will be included with the access request to the Account Administrators. It is very important that it is accurate before proceeding. If you need to [update your profile](#), do it now.

Company / Organization Name:	U.S. Marine Corps
Full Name:	Chesty Puller
